## **TRADE ACCREDITATION (Wall and Floor Tiling)**

**Description:** An accreditation course for those in the trade with proven experience and demonstrated skills.

**Content :** Consists of Recognised Prior Learning components and a module to be completed at Holmesglen.

**Recognised Prior Learning:** Will be shown by time in the industry, any courses undertaken by the tradesperson, references and/or examples of work where applicable/possible.

**Module:** This component of the accreditation process will consist of a half circle wall and floor tiling practical examination. Straight walls and floor to be cement rendered, then tiles to be glued, half circle wall to be sand and cement thick bed. A computer will be available to access, step by step, the layout plans of the design.

**Accreditation help:** For those tradespeople wishing, or needing to up-skill for the accreditation assessment, extra theoretical and practical modules are available to prepare for successful accreditation.

**Course Length:** Four days will be allowed for completion of the module. All tools and materials supplied .

### **FAST TRACK ACCREDITATION FOR MATURE-AGE APPRENTICES**

The Trade Accreditation course is open to mature- age apprentices, employed by a company as an L funded student. Assessment will consist of recognised prior learning, additional practical and theoretical modules to up-skill the apprentice where necessary, and the practical module as described above.
